

**Basic Principle of destinations and movement for Press**

Initial draft by Tokyo 2020

As of 30th April

· Impose restrictions on places of business for the first 14 days of their stay in Japan.

Please consult with your Tokyo 2020 counterpart for any change requests.

· There will be differences in standards applied for this group between those who are living in Japan and from overseas (ie. use of public transport for the first 14 days).

· Regarding the epidemic prevention measures for self-arranged vehicle, it is assumed that the same measures as the organization committee transport service will be taken and operated, and specific epidemic prevention measures will be considered separately.
